WHY SPONSOR KCDs

Sponsoring KCDs offers companies a unique opportunity to achieve multiple strategic objectives.

SUPPORTED BY

CLOUD NATIVE
COMPUTING FOUNDATION

01 KCDs provide unparalleled **brand awareness** within the cloud-native and Kubernetes communities, connecting your company with highly engaged developers, system engineers, architects & technical leaders.

02 Gain access to **networking opportunities** with quality, targeted attendees, and leverage KCDs as a powerful platform to promote your product and recruit top talent from a diverse pool of skilled professionals.

03 Associate your brand with one of the fastest-growing technology communities and demonstrate your **commitment to community** growth and development.

04 By supporting KCDs, your brand will enhance its **credibility** by establishing itself as a prominent and influential player in Cloud Native technology.

Benefits of Sponsoring KCD Gujarat 2026?

Sponsoring Gujarat's **1st KCD** offers companies a unique opportunity to tap into India's fastest-growing cloud-native and tech epicenter.

#1

Startup Ecosystem in India. As of January 2026, Gujarat was recognized as the "Best Performer" by the DPIIT for an unprecedented 5th consecutive year. Sponsoring gives you first-mover advantage with over **14,000+** registered startups natively building their infrastructure on the cloud.

250+

Enterprises & Emerging GCCs. With Gujarat actively adding 250 new Global Capability Centers and scaling **GIFT City**, your booth will capture B2B leads from massive traditional enterprises and fintechs actively migrating to cloud-native architectures.

65%

Decision-Makers & Senior Architects. Quality over quantity. The majority of KCD attendees hold senior technical, architectural, or executive roles. You are not just collecting leads; you're building meaningful pipelines with the people who hold the purchasing power.

80%

High-Intent Engagement. Open-source community events boast incredibly high engagement rates. Historically, over 80% of KCD attendees are actively evaluating new SaaS tools, seeking vendor partnerships, or looking for top-tier employment opportunities.
